DIASA PISCINAS develops, manufactures and commercialises chemical products, accessories and all types of related products for swimming pools, both indoor and outdoor, as part of the group DIASA INDUSTRIAL.

The versatility of our product solutions has positioned us as a leading company in the sector, over a period of more than 20 years. We provide all the necessary support and advice from the initial phase of the project to commissioning and maintenance, what positions us at the forefront in innovation in a booming sector.

From our facilities in Spain, we soon began to offer our service to the Spanish and Portuguese markets; and this was then followed by the process of international expansion.

Currently, DIASA PISCINAS distributes its products in Europe, North Africa, the Middle East, America and Asia. In addition to this, we have also opened a regulatory centre in Hong Kong, China.

DIASA PISCINAS offers global value-added solutions for any type of swimming pool that guarantee the safety and comfort of the user, while simplifying maintenance.

Residential, community, municipal or competition swimming pools; pools for private use, hotels, resorts, water parks or sports complexes.

Each project is unique. DIASA PISCINAS offers the most complete range of products, a permanent investment in R&D&I and an extensive sales network with a worldwide presence.

Working with DIASA PISCINAS is to be part of a team, sharing a common interest and common objectives.
